

QUALITY POLICY

DECOR-REST Furniture Ltd. designs, manufactures and sells upholstered furniture to various types of furniture retail outlets who offer these goods for sale to end users. Our customers expect and require competitively priced products that reflect current fashion trends specific to the various local market conditions, as well as on-time delivery.

We are committed to meet these requirements and expectation through the implementation and maintenance of an effective quality management system based on internationally recognized standards. By monitoring the effectiveness of this system, we identify and implement opportunities for improvement that lead to increases in customer satisfaction and market share, sufficient profits for future growth and viability and a reputation for superior quality.

Our system includes:

Clear Lines of Communication with our customers to ensure that their needs are understood and acted upon.

Quality planning to ensure that our abilities are sufficient to meet our customers requirements.

Effective Methods of Communicating Customer Needs to all employees.

Sufficient Process Controls, Verification Procedures and Training Programs to achieve planned standards of quality workmanship and to project a quality image in all that we do.

Reliable and Timely Delivery of our products to our customers.

Continuous Review and Improvement of all processes and activities that impact on the quality of our products and our relations with customers and employees.

This policy is fully and actively supported by the DECOR-REST Management Team and Employees.
